

Breuken

Breuken

A large grid for fraction calculations. The grid consists of 20 rows and 20 columns. The rows alternate between shaded and unshaded. The shaded rows are the 1st, 3rd, 5th, 7th, 9th, 11th, 13th, 15th, 17th, 19th, and 21st rows. The unshaded rows are the 2nd, 4th, 6th, 8th, 10th, 12th, 14th, 16th, 18th, and 20th rows. The grid is intended for writing mathematical operations involving fractions.
